KNOW THE TRUTH

SERVING LOUISVILLE

Service so good that every Louisville car rider will feel he or she is getting more than money's worth, is our goal.

Safety and speed, comfort and reliability make good service. The Executive Committee is anxious to have cars run as quickly as possible with safety. Comfort is a subject of constant thought and schedules are kept as closely as can be done.

With all the people of Louisville interested in these things Good Service will become Better Service. Everyone of the 222,000 daily passengers will be satisfied.

Facts which the Committee has gathered from a study of the system soon will be made public in an official way. They will help every citizen understand many angles of a big problem.

Once they are fully shown the difficulties will be met for the American people always find the right answer when they know the facts. All the people of Louisville are entitled to a square deal. It is our purpose to see they get one in street car matters.

W. S. Speed, Chairman;
John W. Barr, Jr.,
W. H. Kaye,
Executive Committee.
